

The Precision Power Li-75 Micro UPS Series introduces the future of uninterruptable DC power supplies with its revolutionary stackable battery technology and World's smallest form factor Commercial/MDU UPS. Designed to supply continuous 12Vdc or 48Vdc power with stackable Li-ion Battery Modules, the Li-75 Micro UPS Series offers the most versatile power solution and long life battery to compliment 1000's of stationary or portable applications and support hours of backup.

Model: PP75L-12P (12Vdc 75 Watts)

Model: PP75L-48P (48Vdc 75 Watts)

Applications

- UPS for Multi-Dwelling Unit (MDU) ONT
- Stationary or Portable Power and Battery Backup
- Alarm UPS
- In-Home Wireless Extender UPS
- VoIP UPS
- Fiber to the Home UPS
- Multi-Device UPS
- Access Control UPS (electric gate, security, etc.)

- DIRECT REPLACEMENT TO CYBERPOWER MODELS:

CS50U48V & CS75A12V3

- 1/3 THE SIZE OF CYBERPOWER MDU UPS
- 1/3 THE WEIGHT OF CYBERPOWER MDU UPS

Authorized Partner

CORE PRECISION POWER
Telecom Systems

- Options for 12Vdc and 48Vdc Micro UPS Models

- Up to 75 Watts

- Easy Wall Mount Options

- Less than 6 inches in length

- Connect up to 4 battery modules for extended backup time

Key Features

- Extended Life Li-Ion Battery Pack
- 1/3 the size of competitor solution
- More Usable Capacity than similar amp hour lead acid battery
- Integrated Battery Management System (BMS) for highest level of operational efficiency
- World's smallest stationary or portable power UPS
- Innovative stackable battery packs for scalable backup time
- User replaceable battery pack
- Local Visual and Audible Battery Alarming
- Telemetry Alarming
- Desktop or Wall-Mountable

The Li-75 Micro UPS is the world's smallest Vdc MDU/Commercial UPS

Install in minutes with wall mountable back plate

Lightweight and small footprint allow for simple installation nearly anywhere
